## BRING YOUR OWN DESIGNATED DEVICE (BYODD) Retail Purchase Hardware Checklist

<p>To be confident that your St Maroun's College BYODD device is fully compatible with college IT infrastructure, take this form to your computer supplier and ensure your device complies with all these checklist items.</p>		✓
	<p><b>OPERATING SYSTEM</b> For a PC – Windows 8.1 or above Windows 7 and below are not compatible with our wireless network security</p>	
	<p><b>WIRELESS CONNECTIVITY</b> 5GHz Wireless (Preferably 802.11AC) Device MUST have 5 GHz wireless to be compatible with college infrastructure</p>	
	<p><b>BATTERY LIFE</b> Device must have a tested minimum of 6+ hours battery life</p>	
	<p><b>MEMORY – RAM</b> 4GB of RAM minimum (8GB recommended)</p>	
	<p><b>INTERNAL STORAGE</b> 128GB minimum size (Preferably SSD) SSD hard drives are fast to boot and load files, which is important in the classroom</p>	
	<p><b>HARDWARE FEATURES</b> Built-in webcam and microphone</p>	
	<p><b>SCREEN SIZE</b> 11 inch to 13 inch This is the ideal screen size for a BYODD device to be portable and productive</p>	
	<p><b>WARRANTY</b> 3 year, next business day on-site repair warranty</p>
